**In August 2010 we are running a 3-4 week expedition to Uganda, the first 14 days will involve building a school or similar project. Uganda is a great country to work in and the local community are most grateful about any help we can give them. The remaining days will be filled with fun packed activities, such as tearing down the Nile on a white water raft, roaring through the countryside on quadbikes and being enchanted by extraordinary wild animals on safari in Kenya.**
