

The Super 12 Challenge

The challenge, which is available to all Explorer Scouts and Explorer Scout Leaders in GLSW, is simply to spend one night in each of the 12 calendar months under canvas.

The months do not have to be consecutive as long as 1 night is spent in each month. i.e. if you miss December in 2007 you could do December 2008 instead.

The challenge starts in Oct 2007 and will be ongoing for the foreseeable future.

It can also be completed more than once. Remember to use the Nights Away Passport scheme if Explorer Scouts are away on their own and a form NAN should be used each time.

Flexibility and imagination should be encouraged, so putting your hike tent up inside a hall in January is quite acceptable!

As soon as you have done in all 12 months let the ACC (ES) know and arrangements can be made to present the "Super 12" award.

The award is a belt slide to the design above.
